LEPUS BOX 1800

GEAR MOTOR IN OIL-BATH FOR INDUSTRIAL USE
FOR SLIDING GATES UP TO MAX 1800 KG.

Mechanical limit switch

Internal Foto

- Reliability of the oil-bathed gear motor
- SEA TOTAL QUALITY: All main parts are manufactured and tested in-house.
- Oil-bath lubrication of the motor and all components for a time lasting duration.
- Galvanized sheet box strong and polyester painted for heavy applications of industrial type.
- Access door to the manual release with key for more security.
- Mechanical and electronic oil-bath two-disc clutch for a double anti-crushing safety.
- Serial encoder (obstacles detector) for a high anti-crushing safet.
- GATE 1 control unit to satisfy all working needs.
